JS Investments Limited
(JSIL) was incorporated in
1995 as a public listed
company under the
Companies Ordinance
1984. The company is a
subsidiary of JS Bank
Limited. JSIL has obtained
required licensing for
offering asset
management, pension
fund management and
investment advisory
services

Profile of Chairman

Mr. Basir Shamsie has been associated with JS Group since 1994 and is presently overseeing the Treasury, Wholesale and International Banking Group of JS Bank. Mr. Shamsie is a debt markets specialist and has closed various landmark debt transactions.

Profile of CEO

Financial Snapshot Net Equity: 9M16 – Rs. 2.20b, Dec'15 – Rs. 2.31b,

Net Profit: 9M16 – Rs. 32m, Dec'15 – Rs. 174m

Market Share and Product suite: As at end June 2016, JS Investment Limited (JSIL), the oldest private asset management company accounts for 1.7% (FY15: 1.9%; FY14: 3.2%; FY13: 3.6%) of total market Assets Under Management (AUMs) adjusted for fund of funds and associates. The Asset Management Company (AMC) offers 10 collective schemes and 2 voluntary pension fund schemes, including both conventional and Shariah compliant products.

Sponsor support: The company operates as a subsidiary of JS Bank limited, which is the majority stakeholder (FY16: 65.2%, FY15: 52.2%). During FY16, the organization bought back 19.8m shares, reducing total shares outstanding to 80.2m. The company gains support from parent bank through 'Space Utilization and Facilitation Agreement', as per which the AMC utilizes bank's branches to sell its products

Assets under Management (AUMs): AUMs have been on a declining trend since 2010; however it has shown an uptick in the ongoing year and recouped at 2010 levels. Over FY16, AUMs remained stagnant at Rs. 8.7b (FY15: Rs. 8.6b), however it has improved to Rs. 11.2b as at end November 2016. Around 40% (FY16: 42%; FY15: 40%) of AUMs pertain to retail investors and it has been maintained on a timeline basis. However, top 10 investors account for a sizeable percentage (Nov'16: 73%; FY16: 65%; FY15: 67%), making the entity susceptible to concentration risk.

Management Team: During FY16, Head of Research moved to the fund management department and Chief Investment Officer resigned from his position, thus the positions remained vacant for around six months. Subsequently, the positions were filled through external hiring; the aforementioned delay in recruiting for key positions is not commensurate with assigned rating.

Sales force: Since last year, the board and management are making on-going efforts to re-vamp the sales force. The management strengthened its sales team to 80 people as at end November'16, against 11 people as at end June'15; the induction was largely from banking sector. Moreover, branch network is extended to 39 branches (FY15: 13 branches). The enhanced sales team is accredited for the uptick evidenced in AUMs. Going forward, the AMC envisages increasing sales staff and branch network to 100 people and 50 branches respectively; performance of which will be monitored over time.

Fund Performance: Seven out of ten funds have outperformed their respective benchmarks. Furthermore, most of the funds have depicted improved performance in the ongoing year, sustainability and validity of the same will be tested over time.

Other observations: Risk and Compliance are headed by the same resource. A segregation of the same is warranted to avoid conflict of interest, best governance practices and given the size of the organization. Furthermore, despite Risk Manager's due significance; he is not a member of Investment Committee.
